

THE BLAIRMORE ENTERPRISE

VOL. XV., No. 50.

BLAIRMORE, ALBERTA, THURSDAY, DECEMBER 11, 1924.

\$2.00 PER ANNUM

DEATH OF MRS. PARAZIL

The death occurred this morning, at Frank, of Mrs. Mary Parazil, a native of Bohemia, after a long illness.

Mrs. Parazil came to Frank about three months ago, and with her husband has been residing at the Frank hotel.

Funeral will take place on Sunday at 2 p.m., the remains to be laid to rest in Blaimore cemetery.

ELKS' DANCE FRIDAY NIGHT

The local Elks will hold their opening dance at the opera house tomorrow (Friday) night, and all bills are expected to be there, with or without belles. The hall has been beautifully decorated for the occasion and some twenty-five card tables have been set up on the stage for use by non-dancers. We understand that the proceeds are to go towards furnishing a Christmas treat for the kiddies.

KILLED BY TRAIN NEAR CROWS' NEST

A man named Tony Doras, who had been holding down the position of watchman near The Cave, at Crows' Nest Lake, where the C.P.R. are doing some rock work, was hit by the local eastbound passenger train this morning and killed instantly.

The man had been walking the track, and hearing the train approaching stepped to one side. A heavy gust of wind, however, swayed him towards the passing train so that his head came into violent contact with one of the cars.

The body was picked up and taken to Blaimore, where it is being prepared for burial.

The man was of Polish nationality.

Messrs. Jack Oakes, Idris Evans and Fred Knapman, comprising the affirmative, were awarded a decision over Messrs. John Lloyd, Alex. McKay and A. Vangosinoven by "Judge" Kelly in the debate at the boys' clubroom on Friday night last on the subject of "Should Capital Punishment be Abolished." The ladies on both sides displayed exceptional ability in the art of debating.

A report is current that three hundred Californians, a number of them prominent in the city, have joined the Calgary branch of the Ku Klux Klan of America, and that in three towns within a radius of 25 miles of Calgary, three branches of the order have been organized. The organizer is said to be a Vancouver man, who hopes to institute other lodges.

Teacher—"If the president and vice-president should die, who would get the job?"

Mervyn Evans—"The undertaker."

COUNCIL VOTES ON SOLICITOR

The regular meeting of the civic council on Monday night was presided over by His Worship Mayor McLeod. Councillor William Patterson was absent.

The minutes of previous meeting were approved as read and the following accounts were passed for payment, subject to approval by committees: Petty Cash \$18.40; Town of Blaimore \$28.50; R. Crayford \$57.00; Alberta Government Telephones \$13.30; S. Enlis, for coal, \$13.30; West Canadian Collieries \$568.25.

McDonald-Gillis—That credit balance on collection water rates re West Canadian Collieries be placed to credit of South River Street extension. Carried.

McDonald - Ferguson—That the West Canadian Collieries be advised with regard to the rate of contract prices on new water connections prevailing, and that any extra charges incurred in this respect by them will not in future be borne by the town. Carried.

Application for town solicitorship were on hand from Messrs. K. G. Craig and D. G. Mackenzie. Motion by Councillors Ferguson and Montalenti that application of Mr. Craig be received and that he be appointed solicitor for the town on the same terms as applied to the late Mr. Putnam. Three councillors voted for the motion and two against. Mayor McLeod cast the tie vote, so the motion was declared lost.

It was decided to let the matter lay over till next regular meeting. Councillor J. A. McDonald moved the payment of an account from Mr. W. Wolstenholme, amounting to \$172.01. Part of this account covered a period dating back to 1918. Councillor Morgan was opposed to the payment on the grounds that it should have been settled years ago. Since the debt was incurred, interest at 10 per cent per annum had been added, bringing the total up to this \$172.01. Motion was carried.

Miss Lonsdale, of the provincial department of public health, addressed the council on the subject of establishing a health nurse. The council decided to take no definite action in the matter until they had ascertained what was being done by other districts.

Accounts from the Coleman and Macleod hospitals in connection with fees re Sam Giampietri and Mrs. Russell, respectively, were laid over to be considered at next meeting.

INTERMEDIATE HOCKEY LEAGUE SCHEDULE

Following is the schedule of intermediate hockey games, as approved by the recent league meeting:

Dec. 18—Bellevue at Blaimore.
Dec. 19—Hillcrest at Coleman.
Dec. 30—Coleman at Pincher Creek.
Jan. 6—Bellevue at Coleman.
Jan. 7—Pincher Creek at Blaimore.
Jan. 13—Hillcrest at Pincher Creek.
Jan. 15—Coleman at Blaimore.
Jan. 15—Bellevue at Hillcrest.
Jan. 20—Blaimore at Pincher Creek.
Jan. 21—Hillcrest at Bellevue.
Jan. 26—Pincher Creek at Coleman.
Jan. 29—Coleman at Hillcrest.
Feb. 3—Bellevue at Pincher Creek.
Feb. 8—Blaimore at Coleman.
Feb. 6—Pincher Creek at Hillcrest.
Feb. 6—Coleman at Bellevue.
Feb. 11—Hillcrest at Blaimore.

Leo Koretz, who swindled thousands of people out of \$2,000,000, has been sentenced to one year in jail by a Chicago court. That must be nearly as serious an offense as a breach of the Alberta Liquor Control Act.

One of the most tastefully decorated and attractive store windows in town is that of the Blaimore Hardware Co's, the work of Mr. G. H. Sneed.

BELLEVUE WINS TWO TO ONE

The hockey season was ushered in at Bellevue Arena last night, when the Bellevue and Blaimore-Intermediates clashed in an exhibition game, in which a very superior brand of hockey was staged. The game was refereed by Hanson. Several hundred fans were present. The ice was fairly good and all enjoyed the game, which resulted in Bellevue's favor by 2 to 1.

The opening game for the Intermediate League takes place between Bellevue and Blaimore on the Blaimore arena on the night of Thursday next, December 18th. Everyone should come out to the support of the intermediates.

The heavy windstorm of last night practically demolished the whole electric system of the district. In addition, considerable damage was done to property throughout this section and many large trees were snapped off like matchwood.

PLACE-BRADISH

The marriage of Miss Maude Bradish to Mr. Wilbert Hammond Place took place at Clayton, New Mexico, on December 1st. Mr. and Mrs. Place will reside at Anarillo, Texas.

Miss Bradish was a nurse by profession and was well known in this district.

Another good way to catch a mouse is to catch out a section of trousers when he runs up your leg.

It doesn't require a finger-print specialist to detect a girl's complexion or your coat lapel.

You may have observed that when a mule is kicking he is never pulling. The same is true of men in this world.

A trainload of Pennsylvania coal passed west through Blaimore on Thursday morning of last week.

Vic Foley won the bantamweight title of Canada by defeating Howard Mayberry at Vancouver.

MOOSE AND CARIBOU
ARE PLENTIFUL

Information received by the colonization and development department of the Canadian National Railway show that, in the country drained by the upper waters of the Liard river in northern British Columbia, moose are so numerous they are killed to feed dogs. It is estimated that at least one thousand are shot every year; nevertheless their numbers are increasing, according to reports by mounted police officers. Mineral prospectors now depend entirely on moose for their meat supplies. The caribou herds are said to be increasing, with sheep and goat also numerous in that part of the country. The sheep, it is reported, have a black saddle, which is not characteristic of mountain sheep found further south.

HOMESTEADS BEING FILLED UP

Free grant homesteads and soldier grants taken up in the four western Canadian provinces this year, up to the end of October, represent well over half a million acres—to be exact, 592,480. In Manitoba 475 homesteads and 62 soldier grant entries were recorded; 1500 homesteads and 27, 980 homesteads and 176 soldier grants in Alberta; and 195 homesteads and 27 soldier grants in British Columbia. In the number of homesteads taken up the figures show an increase over those for last year in Manitoba, Saskatchewan and British Columbia, while soldier grant entries show an increase in Saskatchewan, Alberta and British Columbia. The total number of homesteads taken up in the four provinces was 3181, compared with 2749 for the whole of last year. Total soldier grants taken up were 538, compared with 462 for 1923.

CANADA MAY FIND LARGER BRITISH MARKET

It is very probable that as a result of the adoption of a resolution by the British Empire Producers' organization a few days ago Canadian wheat will find a much greater market in Great Britain. The resolution stated it was desirable that the home production of wheat should be materially increased and strongly urged that the wheat which must still be absorbed should be purchased from the wheat growing centres of the Empire. The resolution further urged that steps be taken to organize and make fully available the wheat supplies of the Empire, and that the government institute an enquiry with the view of fixing the minimum quota of Britain's annual requirements which should be grown on home soil.

DOCTORS VERSUS EDITORS

A Doctor can call on another man's wife any time of the night or day, and charge for the visit; if an Editor does, he gets a charge of buckshot.

A Doctor can get out a word a foot long without himself or anyone else knowing what it means. If an Editor uses the same word, he has to spell it.

If an Editor makes a mistake there is a lawsuit; if a Doctor makes one there is a funeral, cut flowers and perfect silence.

Any old college can turn out a Doctor, but an Editor has to be born.

If local curlers will leave their staves at home on Sunday night next, there will be no danger of throwing them at the preacher.

THE STUFF A MAN IS MADE OF

According to Dr. Mayo, of Rochester, the average man would make, when boiled "down to natural elements":

Seven bars of laundry soap;
Iron enough to make an eightpenny nail;
Magnesium enough to relieve one's stomach;
Potassium enough to explode one's toy pistol;
Sulphur enough to chase the fleas off one's dog;
Lime enough to whitewash one's chicken coop;
Phosphorus enough to cover the tips of twenty-five hundred matches;
The total drug store value of which is just ninety-eight cents, real money.
—Exchange.

The sale of work conducted in the Lodge Hall on Saturday afternoon last by the ladies of St. Anne's church was a huge success. Fancy work, home-cooking and candy stalls were well patronized, as was also the fish pond and house plant departments. Tea was served during the afternoon. At night a court whist drive was held, the prize winners being: Ladies' first, Miss Cecile Marquis; booby, Mrs. R. Senior. Gentlemen's first, Mr. B. Senior; booby, Capt. W. Fisher. The handsome cake, donated by Mrs. Pinkney, senior, was drawn for, Mrs. L. L. Morgan holding the winning number, 70. Many bachelors hit real bargains in prize packages carrying various articles of wearing apparel for infants.

THANK GOD.

A dinner was given in New York, at which a well-known actor sat at the guest table. When the hour for starting the feast arrived, the toast master, a very religious man, discovered that no minister of the Gospel was present, though several had been invited. In this emergency he turned to the actor and asked him to say grace.

The actor rose, bowed his head, and in the midst of a deep hush said fervently:

"There being no clergyman present, let us thank God!"

A WESTERN FAVORITE

The Family Herald and Weekly Star, of Montreal, is far and away the most popular paper in the West. For more than half a century it has been the wise counsellor and good friend of the western settler, old and new. In most parts of Manitoba, Saskatchewan, Alberta, and British Columbia, it is difficult to find a home where the Family Herald is not read. It is an all-round paper that serves and satisfies every member of the family, young and old. To the western farmer, the farm sections of the Family Herald alone are worth ten times the subscription price. This year there is a beautiful calendar, ten thousand dollars in prizes, and other valuable rewards given to subscribers. A catalogue of rewards will be sent free of charge to any address. What a handsome the public is the giving of such a grand paper for two dollars.

Painter and Decorator — Bellevue, Alberta
—Dec. 10

Delegations have approached the Ottawa government with representations that there should be a reduction of the duty on motor vehicles entering Canada or at least the removal of the sales tax. It was argued that the spread between the price of the same make of such vehicles in Canada and the United States was far too wide, and that, in view of the almost general use and ownership of automobiles and the increasing use of freight trucks, the price in Canada should be

much closer to that just across the line. The present duty on cars is 35 per cent and there is also an excise tax. More of the matter will be heard when the budget comes on.

According to new estimates of the population of Canadian provinces made by the Dominion Bureau of Statistics, Alberta's population is now 337,000, as compared with 338,000 shown by the census of 1921, an increase of almost 50,000.

OFFERS \$5000 FOR TREATISE ON "THE THEORY OF WAGES"

In the hope of gaining new light on the question of wages for the benefit of workers, a prize of \$5000 for a treatise on "The Theory of Wages" is offered by the University of Chicago.

The contest is to be announced in Europe as well as in the United States and Canada. No restrictions upon the scope, method or character of the studies submitted will be placed, beyond the requirement that genuine contributions are made toward the general understanding of the problem. Emphasis may be laid upon the analysis of the economic principles underlying the determination of wages upon conditions which set maximum and minimum limits to the prices paid for important types of labor, or upon any other aspect of the problems which a writer can show to be significant, or upon which he can throw new light.

To give time for thorough research, the committee will receive contributions until October, 1926.

IF WE'D ONLY BOOST

If you and I together would praise Canadian woods, Would sing about its waters and shout about its goods, If we would buy Canadian cloth, and wear Canadian shoes, There'd really be no reason for sad Canadian seas.

If all of us united to boost our Canadian coast, To praise our hills and valleys and even boast Of our wide prairies, we soon would get the rap Of being full of action, and loaded up with pep.

If we would praise our products and boost 'em everywhere, And choke Canadian knockers, and grab 'em by the hair, And duck 'em in the ocean to wash their knicks away, Right soon we would uncover a new Canada!

If we would praise our Canada, her sons and daughters fair, And talk about her colleges, her school and churches, where She leads the minds of millions, the world would shout hurrahs, For the Land of the Maple Leaf, in verses, songs and lays!

So let us boost each other, and buy each other's wares, And fill our lives with sunshine and smiles instead of glare; And let us pull together, and united do our best; It is up to us to BOOST, and stand the test! —After Verse by H. M. Burlingame.

Mr. H. V. Hildridge, of the Cowley public school, spent Saturday last in Blairmore.

Here's Lighter Weight—Longer Wear—Better Value

Wearing rubbers all day is tiresome, but since rubbers are necessary, why not wear RHINO Rubber Footwear? Each pair combines the least weight with the longest possible wear?

This longer life is built into each pair with RHINO rubber, pressure cured, and extra strength when the wear comes. See the heavy ribbing under the lace. This is only one of the many special features that make it possible for us to back up the sweeping guarantee on every pair.

This footwear is made from RHINO RUBBER—the toughest and most wear-resisting that Science has yet discovered—which will wear up to twice as long as ordinary rubber.

Let us fit you with a pair of RHINO.

"FOR MEN WHO CARE"

HELLO!

Final returns of the vote throughout District 18 are not yet to hand. From present figures it looks as though Rod McDonald will be returned as international board member. It is thought that Ryan, of Taber, will be the new vice-president.

Mr. A. Morency has entered the local hospital to undergo an operation for appendicitis.

Thomas Puckey, aged 17, died yesterday of injuries received in an accident at the Coal Creek tippie on Monday.

SANDY MACDONALD
SCOTCH WHISKY

Try a Bottle & Make a New Friend

"SANDY MACDONALD" is one of Scotland's rare old Whiskies. Once you taste it you'll know how "Sandy" mellow and stimulating Scotland's best really is.

For many generations "Sandy Mac" as it is usually called, has been known all over Scotland—pretty well all over the world too—as a whisky that never varies in its high quality and reaches a degree of purity and "delicacy" of flavour that is as unusual as it is satisfying.

Drink "Sandy Mac" yourself and put it before your friends who know what is good.

Here and There

Rex Beach, the eminent American author, was recently in New Brunswick as a guest of W. G. McIntyre, leaving for his home in the United States at the conclusion of his visit. Mr. Beach expressed himself as a strong booster for the hunting and fishing possibilities of the province, charmed with its scenic beauties, delighted with its people and solemnly proposing to return with his gang next year.

The largest and one of the most valuable shipments of furs ever to pass through Montreal, Que., by Dominion Express Company, was handled by that organization recently. There were 85 animals in the shipment, valued at \$17,000, 30 being silverblack furs and the rest black foxes. The former were destined for exhibition at Minneapolis, while the latter went to different points in the Canadian West.

The Eastern International Dog-Sled Derby, which was so successful last year, will again be held at Quebec in 1925, the dates set being February 19th, 20th and 21st. As on former occasions, the distance to be covered will be 120 miles, at an average rate of 40 miles a day. Earl Bridges, Le Pas, Manitoba, now holds the handsome trophy awarded for the race and is expected to defend his honors. Many teams are already working out.

A decided acquisition to Trois Rivières, Que., is the new Canadian Pacific Railway station, which was opened there on November 8th. The building is Italian in design. Rose and Macdonald, of Montreal, were the architects. Remarkable speed was made in the construction, as the contract for the work was only signed on June 2nd last. The opening ceremony was performed by Grant Hall, vice-president of the company, in the presence of many notables.

Three moose and one deer was the total bag of W. B. Leeds, Jr., young American multi-millionaire, and his friends, Miss Florence, Albert Hopkins, Paul Smith and Mortimer Davis, Jr., as the result of their recent hunting trip into the Kipawa district. The leader of the party expressed himself as delighted with the results, as he had not hoped for such luck. Great quantities of game of all kinds were seen.

That the Land of Evangeline (Nova Scotia) now ships over 2,000,000 bushels of apples abroad annually was the recent statement of F. G. J. Comeau, general freight and passenger agent, Dominion Atlantic Railway. A number of British apple growers and buyers are at present putting large tracts of land under fruit. With the apple growing industry increasing from year to year, at the rate of two to three hundred per cent per decade, only twenty per cent of the orchard land available in the province is yet under fruit.

Perhaps the most remarkable, certainly the first aerial stowaway in history was discovered by Pilot Caldwell of the Laurentide Air Service, operating in the neighborhood of the Rouyn gold-fields, the other day. Caldwell, on rising for a long flight, found his machine so badly balanced as to be almost unmanageable. Cigarette butts and other clues led to the uncovering of the extra weight, which turned out to be a miner. As the man had taken this cheap but decidedly dangerous way of reaching civilization in order to see his sick wife, he was not detained or punished.

The enormous contribution to the wealth of Canada made by the Canadian Pacific Railway was alluded to by E. W. Beatty, K.C., Chairman and President of the Company, when, speaking at Welland, Ont., on November 7th, at the celebration of the 100th anniversary of the building of the first Welland Canal, he stated that the company in 1923 dispersed in the Dominion \$202,000,000 in wages and materials, and \$7,000,000 in taxes of all kinds.

November 7th was the 39th anniversary of the driving of the last spike in the main line of the Canadian Pacific Railway, an event which completed the Dominion's first transcontinental railroad, fulfilled the terms of Confederation and made Canada a nation. A stone monument now marks the spot at Craigellachie, in the Rocky Mountains, where Lord Strathcona (then Sir Donald A. Smith) wielded the hammer which united East and West.

Dr. Lovering received a double-head defeat at Lethbridge on Tuesday as candidate for both council and school board.

Here and There

During the past season the Canadian Pacific Railway used on all its lines approximately 5,000,000 ties, according to a report just issued. The woods used include British Columbia fir, hemlock, tamarac, jack pine, spruce, maple and birch.

Tourist traffic in New Brunswick during the past summer left nearly \$3,000,000 in the province, an amount almost equal to the total provincial revenue, according to an estimate of the New Brunswick Tourist Association. Approximately 70,000 tourists visited the province.

One thousand British Columbia rose bushes are being shipped to Portland, Ore., "the Rose City." Portland, famous all over the continent for its roses, buys the varieties produced in British Columbia because they are the hardiest and best suited for growing in North America.

Silver production in Ontario for 1924 will not vary materially from that of 1923, judging by figures available for the first nine months of the year from the reports of several operating companies, though some increases will be shown. Production to date has amounted to about \$19,500 a day.

Caribou have been seen in very large numbers this season in the northern part of Yukon territory. Old-timers say that the main herd must have numbered tens of thousands, while in some of the smaller herds that had broken temporarily from the main herd there were hundreds and sometimes thousands.

The very first aerial stowaway ever known was discovered recently aboard a plane in the Laurentide Air Service, Limited, operating on its Rouyn gold fields service in association with the Canadian Pacific Railway. The serious effect of the extra weight on the flying powers of the machine was so noticeable that it led to the man's discovery. As he had hidden himself with a desire to see his sick wife and child, he was not punished.

DEPOSITORS MUST

BE REIMBURSED

Industrious Prosecution of Home Bank officials who allegedly contributed to the downfall of the institution is all very fair and just.

But the first duty of the Government, even before that of putting these guilty officials in jail, is to pay back to every Home Bank depositor every cent he had entrusted to that unhappy institution.

The great bulk of the Home Bank depositors was composed of workingmen who had no access to Dun's, Bradstreet's nor any financial record that might give a hint to the initiation of the impending collapse. Nor had these depositors the financial knowledge to interpret, as big financial houses might have done, the signs of the catastrophe.

These men, carpenters, bakers, painters, laborers, teamsters, depositors of their money in the Home Bank because their Government had guaranteed that bank's integrity and security.

They knew the Home Bank was licensed by the Government. They knew it operated under the Banking Act. They knew that Government inspectors were supposed to examine its books. They knew that the Government had every opportunity to determine the bank's solvency and to warn depositors should it become unsound.

But in spite of all this the Government gave no word of caution. And these workmen, trusting in the Government's guarantee, continued to deposit their money until they suddenly lost it all.

Money today is worth six per cent. Any corporation or wealthy individual can invest money so as to realize a six per cent return in comparative safety.

The small depositor, the workman, gets only three per cent in his bank.

Since the workman is just as much entitled to have his money safeguarded as the big investor, that other three per cent margin should be enough to guarantee his safety.

The Government—and not the Mackenzie King Government either as it happens—is responsible to these depositors.

And until every cent of those lost deposits are reimbursed by the Government, the national honor of Canada will rest under a cloud—Vancouver Sun.

SCOTT GOES TO BELLEVUE

Norman Scott left last Monday for Bellevue, where he will try out with the hockey club representing that town in the Alberta Senior Hockey League. His departure hinders hockey in Bassano hard, as he was the mainstay of the team. As a defence man Scott is about as good as they had in intermediate hockey in the province last year. If he decides to remain in Bellevue he will undoubtedly hold his own in that company.—Bassano Mail.

The Blairmore Enterprise has the best selection of Christmas and personal greeting cards ever brought to this district, and they are popularly priced for the who heretofore have felt that such cards were too expensive. Call in and see this line and leave your order, so as to ensure your requirements to be sent to friends near and far. We can furnish you a better card, printed in our own office with greeting of your own choice, at less cost than any medium-priced stock card on the market.

LODGE DIRECTORY

Blairmore Lodge No. 68, I. O. F.

Meets every Tuesday night at 8 p.m. in the Oddfellows' hall. Officers for the ensuing term: N.G., A. May, P.G., V.G., D. A. Howe; R. W. Kerr, S. W. J. Howe, H. E. W. Patterson, Treas.; J. Montalbetti, P.G.

Crows' Nest Encampment No. 8, I. O. F.

Meets on the second and fourth Wednesdays of the month in the I.O. O.F. hall at 8 p.m. Officers for the ensuing term: J. McKee, C.E., W. Kerr, S. W. J. Howe, H. E. W. Patterson, R. S. J. Montalbetti, Treas.

Crowwing Rebekah Lodge No. 66, I. O. O. F.

Meets the first and third Thursdays of the month at 8 p.m. Officers for the ensuing term: Sister Dawson, N. G., Sister Davis, V.G., Sister Christophers, R.S.; Sister Wheatley, P.G.; Sister Warner, Treas.

Livingstone Lodge No. 22, KNIGHTS OF PYTHIAS

Meets in the Castle Hall, corner of Eighth Avenue and Broadway Street on the second and fourth Fridays of the month at 8 p.m. Visitors are always welcome. Officers for the term: C.C. F. Wright, V.C.; E. Elliott, K. of R. and S. B. Semler.

PLAN YOUR TRIP

PLOT TO KILL MEMBERS OF BRITISH CABINET

London.—The British cabinet ministers have been placed under special police protection, according to the Daily Mail. The protection has been taken because of information received from the headquarters of Viscount Allenby, British high commissioner in Egypt, that a plot has been discovered to assassinate prominent members of the British Government.

The home secretary attached so much importance to the information that he immediately ordered, according to the paper, certain of his cabinet colleagues to be guarded day and night by armed police in plain clothes.

There is every indication, the Daily Mail says, that the plot is the outcome of propaganda fermented by the Wafo, the executive of the Egyptian Nationalist organization, whose emissaries are spread throughout Europe, including England.

Britain Warns Against Interference In Sudan

Will Settle Anglo-Egyptian Dispute Without Any Help

Geneva.—Great Britain has informed the League of Nations that the British Government will not recognize that any signature by Egypt of the protocol will give Egypt the right to appeal to the League of Nations on matters connected with the Anglo-Egyptian dispute. The British note to the league says Great Britain will not accept any interference, whether it be by Egypt, the League of Nations or any individual government on matters touching the Sudan.

The British communication created extraordinary interest here, on account of the Anglo-Egyptian conflict. It is regarded as meaning that Great Britain will look with an unfriendly eye upon an interference whether it be from Egypt, the league or any individual government on matters touching the Sudan, which were expressly reserved, when Egypt was liberated from the protectorate.

Will Photograph Sun's Eclipse From Airplane

Camera Has Been Specially Designed For This Work

Washington.—An airplane will race the shadow of the moon nearly 400 miles across New York state during the eclipse of the sun January 24. From a specially designed camera photographs will be taken from the plane of the sun's flaming corona as made visible during the eclipse.

The purpose of the experiment as worked out by Dr. David Todd, professor emeritus of astronomy of Amherst College, is to permit photographing for a longer period than the approximately two minutes for which the eclipse will be visible from the earth.

Heavy Taxes Paying Bulgaria's War Debt

Country Is Meeting All Obligations On Schedule Time

Sofia.—Bulgaria, like other countries in Europe, is paying off war reparations and obligations, and on schedule time.

A resident of Sofia, in the publishing business for 26 years, recently showed the correspondent how the money to do this was obtained. He turned to his books and revealed tax bills as follows: 1924, 371 leva; 1925, 5,300 leva; 1922, 10,200, and in 1923, 23,400.

The same income is applied to every kind of business in Bulgaria.

Proves Radio Compass Valuable
Washington.—Tests of a new radio ship compass on the last voyage of the shipping board liner President Pierce gave signal proof of its great value to navigation. The use of the gyro on the trip saved the President Pierce 24 hours, the shipper reported.

Prominent Canadian Passes
Ottawa.—Dr. James Mill, an outstanding figure in the educational and agricultural fields of Canada, and for ten years a member of the board of railway commissioners of Canada, died here, aged 84.

Follows Brother to Oxford
St. John's, Newfoundland.—The Newfoundland Rhodes scholar this year is Gerald Lammiman, whose brother, Ralph, won the scholarship two years ago.

No Nobel Prize This Year
Christiana, Norway.—The Nobel prize committee of the Storting has decided that the Nobel peace prize shall not be awarded this year.

Y. N. U. 1924

Manitoba Pays Big Federal Liquor Bill

Winnipeg.—On the basis of its present volume of business, the Manitoba liquor commission pays to the Dominion Government, in excise tax, approximately \$150,000 a year in excess of the subsidy received by the province from the Federal Government in lieu of its lands. The liquor commission added a total of \$1,853,636 to the Dominion exchequer, representing more than 40 per cent. of the list price of liquor sold since the commission commenced operations on September 20, 1923.

A Change Of Heart

German Defence Minister Is Against the Rattling of Sabres

"Lepke, Germany.—I emphatically reject the mere suggestion of war revenge, and not one German child would I wish to see sacrificed to the realization of such a thought," Dr. Otto Geisler, German minister of defence, declared in the course of a rousing campaign speech for the Democratic party here.

"This ridiculous rattling of sabres which we don't possess must cease," the speaker continued. "We must confine ourselves to business and politics which will be devoted to the negotiating of commercial treaties, the formulating of taxation programmes and other urgent economic legislation."

Egyptians Present Petition

Deputies and Senators Demand Immediate Convocation of Chamber

Cairo.—A petition signed by 113 deputies, requesting immediate convocation of the chamber, was presented to King Fuad. The senators are taking similar action. "The country is traversing a critical phase of its existence," the deputies petition says. "The usurper has come down upon it with brutal force, hoping to regularize his situation and drag out labor to his usurpation, but the country, affirming its will to live freely and independently under the shelter of our happy reign, will accept nothing but independence."

Frost Damaged U.S. Corn

Crop Half Killed Before It Reached Maturity

Washington.—Only 48 per cent. of the corn crop in the principal producing area reached maturity before the first killing frost of the season, the department of agriculture has been advised. Usually 91 per cent. of the crop reaches maturity.

The late spring and cool summer are held responsible for failure of the corn to mature before the frost.

Will Not Teach German

France Not Obligated to Develop Language in Alsace

Paris.—France cannot be called upon to assist in the development of the German language in Alsace," Premier Herriot told the chamber of deputies in opposing demands made by the Socialist deputy, M. Perrot, mayor of Strasbourg, and the Rev. Muller, deputy from the Lower Rhine, that the Alsatian schools be made absolutely bilingual.

Becoming Burden To Ontario

Mental Defectives From Europe Filling Provincial Institutions

Toronto.—Mental defectives from Southern and Eastern Europe are becoming a burden on Ontario expenditure, according to the report for the last year of the Ontario hospitals for the insane, feeble minded and epileptics. One hundred and ten persons from these districts have entered the provincial institutions during the year under review.

U.S. Palestine Rights

London.—Foreign Secretary Chamberlain and United States Ambassador Kellogg signed the convention giving United States nationals the same rights in Palestine as are enjoyed by the nationals of member countries of the League of Nations. The convention is subject to the ratification of both Great Britain and the United States.

Ramsay MacDonald Labor Leader

London.—Ramsay MacDonald, the former Labor premier, was re-elected chairman and leader of the Parliamentary Labor party. J. R. Clynes was chosen deputy leader and elected chairman, and Ben Spoor was elected chief whip.

Ship Christmas Trees

Victoria, B.C.—Twenty-five to thirty thousand young fir trees will be shipped from Vancouver Island to California for Christmas trees, the Victoria Chamber of Commerce has been told.

His Life Threatened

Viscount Allenby, British High Commissioner in Egypt, whose life has been threatened. Viscount Allenby is one of Great Britain's most famous generals.

U.S. MAY APPLY THE QUOTA LAW TO CANADIANS

Washington.—The application of the present United States immigration policy and proposed alterations in that policy, constitute a large part of the material on which the Labor department's annual report, as made public by Secretary Davis, is based.

Three salient changes in immigration practice are suggested by Mr. Davis. The first would apply to citizens of Canada, Mexico and other North American countries outside the United States, under the quota restrictions now governing the entrance of aliens from other lands. The second would allow temporary increase in the admission of aliens in times of established and particularly labor shortages in the United States, and permit administrative restrictions of all immigration under existing legal limits in times of unemployment. The third major proposal would require the registration and enrollment of all aliens admitted to the country.

The present large inflow of immigrants from Canada and Mexico, unrestricted by the law so far as native citizens of those countries are concerned, is putting a premium, says Mr. Davis, on "bootlegging of aliens." Europeans in large numbers gaining entrance to those countries, he asserts, are being smuggled unlawfully to the United States, and he believes that placing them under the quota provisions of the law would allow effective steps to be taken to shut out the invaders.

Lutheran College For Alberta

St. Louis, Mo.—Lutheran headquarters here announced that Edmonton, Alta., had been chosen as the permanent site for Concordia College, a denominational institution. It was announced that \$125,000 to \$150,000 would be spent for new buildings in Edmonton in the next few months.

Refused to Accept Gift

Cairo.—The newspaper Mokattam states that the British Government offered the widow of Sir Leo Stack, murdered Sirdar of the Egyptian army, £200,000, but that she refused to accept, and asked that the money be distributed among the poor.

Western Stallion for South Africa

Viscount, a percheron stallion two-year-old, bred by George Lane and Company, Pekisko, Alberta, photographed at the Canadian Pacific East End Stockyards, Montreal, where it is awaiting shipment to South Africa. Upon completion of the 35 days ocean trip the horse will be delivered to the High Commissioner of the Union of South Africa, having been sold by Professor G. E. Day, of the Dominion Shorthorn Breeders' Association, Guelph, for breeding purposes. Viscount, registered number 1153, was inspected and selected for Professor Day by Professor Carlyle, manager of the Prince of Wales' ranch. Valued at \$1,000, the young horse, out of Nardurum by Tankress, is the first of its kind to be shipped to South Africa from Canada and its second on the other side. It will be closely watched by western horse and cattle men who hope to establish over there a market for breeding and other horses and cattle of Canadian origin.

Strange Eskimo Tribe

Explorer Haasmussen Reports Discovery of Peculiar Race in Far North—London, England.—Captain Knut Haasmussen, the Danish explorer, who has just returned home after a three year trip along the northern coast of Greenland and North America to Alaska, covering a distance of 20,000 miles by dog sled, reports the discovery in King William's land in North-east Canada of a strange Eskimo tribe called Nettelee.

Members of this tribe, like those of other tribes in that almost unknown Arctic region, obtain wives by attacking their neighbors and carrying off their young women. The result is continuous inter-tribal feuds. "When the Haasmussen party arrived it was greeted only by two men. The men of the tribe lay hidden, ready to attack the white faced newcomers at an auspicious moment."

Another Wireless

Achievement

Direct Radio Message From Britain to South Africa

Capetown, South Africa.—The first wireless message ever received in this country from Great Britain was sent from the station in Cornwall, England, and received at the South African wireless station in Milnerston, Cape of Good Hope, recently.

This direct wireless communication between the Mother Country and South Africa was established in a message sent by the South African high commissioner in London, Sir Edgar Walton, to the premier of South Africa, General Hertzog.

Developing Trade

With Ireland

Office Opened in Dublin by Canadian Government

Ottawa.—The Canadian Government is opening an office in Dublin for the purpose of developing trade with the Irish Free State. A. F. McEachern, formerly assistant trade commissioner at Milan, Italy, who is now on his way to Ireland to take charge of the new office, will act under instructions from the Canadian trade commissioner at London.

Ford Wants Loan

Hrd to Request Permission to Loan Money to Himself

Washington.—Henry Ford had to ask the Inter-State Commerce Commission for permission to loan himself money.

Ford asked that the railroad, the Detroit, Toledo and Ironport, be allowed to issue \$159,000 first mortgage bonds, to be sold to Henry Ford, his wife and his son, Edsel Ford. Ford wants to use the money to buy land for his road.

Long Distance Radio Record

Port Arthur, Ont.—Wm. Sutton, radio inspector, Port Arthur, created a long distance record for reception when he heard F. D. Bell, of Waltham, New Zealand, transmitting in code to 2 C.M. in Australia. Mr. Sutton was able to hear the signals clearly.

To Hold Investigation

Toronto.—An investigation under the Public Inquiries Act will be made into certain allegations launched by the Warbet trades and labor council with respect to administration of the Minimum Wage Act.

U.S. Would Check Terrible Toll of Deaths From Autos

Washington.—Plans are on to have President Coolidge call a big conference of governors and state highway officials to secure uniform legislation to check the enormous toll of deaths and injury caused by automobiles and other vehicles. Representative Dowell, chairman of the house roads committee, declared 32,600 people had been killed during the last year, and 600,000 had been maimed, and said the "terrible slaughter must be stopped." Methods of regulation in Canada are being studied.

Saskatchewan Liquor Bill

Provides For Establishment of Liquor Stores in Seven Cities and One Town

Regina, Sask.—Providing for the establishment of general liquor stores for the sale of spirits, wines and malted liquors in the seven cities and the town of Yorkton, and stores for the sale of beer only in the rural districts, the government liquor bill was brought down and given its first reading in the legislature.

The bill, which provides for the sale of liquor for beverage purposes under government control, contemplates the administration of the business by a liquor board, which may comprise one, two or three members, to be appointed by the government.

No permits will be required by the purchaser of liquor for beverage purposes from the government stores, whether in city or country districts, but the amount to be sold to an individual purchaser in a single day is limited to four gallons of beer, two gallons of wine and one quart of spirits in a city store, and four gallons of beer in a country store.

Storm Damages

Bay Terminals

Much Damage Done and Shipping Destroyed at Port Nelson

Prince Albert.—A severe storm at Port Nelson on Dec. 1 wreaked considerable damage on the Hudson's Bay bay terminals, destroying much shipping and putting the wireless out of commission, according to a telegram received here at the R.C.M.P. headquarters from its detachment at Port Nelson. There was no loss of life.

MANY AWARDS COME TO CANADA AT CHICAGO FAIR

Chicago.—Eastern and Western Canadian entries captured high honors at the International Livestock Show, the prairie provinces being particularly prominent in the horse and cattle awards, while Ontario scored in the sheep divisions and corn.

In the Clydesdale horses, Saskatchewan was victorious with the stallion championships, scoring a clean sweep "Wee Donald," a spirited animal, owned by C. A. Weaver, of Lloydminster, was awarded the senior and grand championships, while Dr. Reid, a prominent western veterinary surgeon of Canora, Sask., won the junior championships and the reserve grand championship with his entry.

In the John Clay and Company specials for the best cattle entered by a university or college, the University of Alberta captured the reserve championship with "Linda's Pride." There were 25 other colleges entered in this class, the first prize for the best single animal going to the University of Nebraska.

"Princeton Wood," the entry of the Prince of Wales from his ranch near High River, Alberta, took first prize at the international stock show for breeding Shorthorn heifers calving between July 11 and September 30, 1923.

Judges announced that for the first time in six years the oats championship of the world had left Canada. L. E. Peterson, of Victor, Montana, was the new king of oats, succeeding W. Biglands, of Lacombe, Alberta, who reigned in 1922 and 1923.

Canada was not in the minority on the winners list in oats by any means. She lost only the first, second and eighth places out of the first 10, and won 15 out of the other 20 for a total of 25 places out of a possible 30. The winners were: 3, William Lucas, Cayley, Alta.; 4, George Avery, Kelso, Sask.; 5, D. S. Longhead, Knechtel Valley, Alta.; 6, James Tattersall, Vermilion, Alta.; 7, E. Thompson, Neyston, Sask.; 8, T. E. Seale, Toole, Alta.; 10, Frank Bull, Strathcona, Alta.; 11, Alec Galloway, Vermilion, Alta.; 12, M. W. Larcombe, Hirdle, Man.; 13, Jos. Smith, Wolfe Creek, Alta.; 14, Samuel Larcombe, Hirdle, Man.; 15, A. E. Larcombe, Foremost, Alta.

COUNSEL SUBMITS ARGUMENT ON RATES QUESTION

Ottawa.—"In my opinion, a cardinal action of government has been violated and parliament has been flouted."

Thus H. J. Symington, K.C., counsel for the prairie provinces, expressed himself in referring to the recent order of the board of railway commissioners setting aside the Crow's Nest westbound rates. During his appeal on constitutional grounds, Mr. Symington, in the course of a lengthy address to the privy council, requested a summary judgment of the recent majority judgment of the board of railway commissioners.

Mr. Symington's argument, briefly put, was that parliament had never relinquished control of maximum railway rates, that the principle of parliamentary control had been accepted by the railway commission itself, that the rates fixed for the Crow's Nest Pass agreement were authorized by parliament, and that the only body that could alter or rescind them was parliament itself. The constitution by parliament of a body with jurisdiction over railway rates had in no way impaired the control of parliament over these maximum rates, he insisted.

Advocate Peerage For Asquith

Would Be Fitting Recognition Of His Services to Britain

London.—A number of influential persons, recognizing the general regret over former premier Asquith's temporary elimination from public life through his defeat in the last election, have taken the occasion of his holiday in Egypt to signify again that he be lifted above all political bickerings by the gift of a peerage in the King's New Year's honours list.

There is no doubt that this would be a popular move, for the Liberal leader is acclaimed among all classes as one of the greatest statesmen of British history and there is a general feeling that the gift of a peerage would be only a fair reward for his services to the country, extending over nearly half a century.

Rajah May Be Witness

Mystery Concerning "Mr. A." Is Lifted By Indian Official in London

Paris.—The "mysterium" "Mr. A." who was connected with the recent Robinson blackmailing case, will be called as a witness in the British courts should James Charles Arthur, commonly known as "Blackie," be the aide de camp to "Mr. A." and who is under arrest in Paris, be unsuccessful in his attempt to prevent extradition to London. The mystery concerning "Mr. A." was lifted by the Indian official in London, when it was announced that he is Rajah Sir Hari Singh, a nephew of the Maharajah of Jammu and Kashmir. Previously the potentate's name had been held secret for "reasons of state."

Decreased Prices On Farm Machinery

New Catalogue For 1925 Shows Substantial Reductions

Winnipeg.—Substantial price reductions have been applied on practically all farm machinery, according to 1925 catalogue prices issued by leading implement companies serving Western Canada.

The reduction went into effect on December 1. The new prices involved a reduction of \$10 on binders, \$4 on mowers, \$10 on drills, \$25 on tractor plows, on farm wagons \$5.50, on Discs \$2.

Germans Make Rifles For China

Paris.—According to information in the hands of French officials, Germans have manufactured 58,000 rifles for Chang Tse Lin, Chinese revolutionary leader.

The rifles were manufactured at the Krupp factory in the interior of Germany, but the latter-called arms control commission knew nothing of their existence until informed that they were already on their way to China. Protest is to be made to Berlin.

Honor French Inventor

Paris.—Georges Claude, inventor of lighting, by the control, through tubes of neon gas, of monochromatic lighting in very small quantities in the air, has been elected a member of the Academy of Sciences.

New Bill Before Danish Parliament

Copenhagen.—A bill, which would authorize doctors under certain conditions to take the life of a patient without incurring punishment, has been introduced in the Danish Parliament by Minister of Justice Stenbaek.

Local and General Items

John T. Stirling, of the provincial department of mines, was in town during the week.

A parcel of laundry, picked up in West Blaimore on Tuesday, may be had by the owner calling at The Enterprise office.

For stove and furnace coal, try ours, mined at the Sunburst Coal Co. mine, Blaimore.

Mrs. A. McLeod has been in Har-disty, Alberta, for the past two weeks, visiting her daughter, Mrs. Carter, and greeting the newly-arrived grand-daughter.

The senior hockey season will open up tomorrow night with an exhibition game at the Bellevue Arena between the Coleman and Bellevue teams.

Greenhill Temple No. 14, Pythian Sisters, are holding a whist drive in the Lodge Hall on Wednesday, December 17th, commencing at 8 o'clock sharp. Six prizes and good refreshments. Everybody welcome.

Mrs. Freeman Lank, who spent the past three months in the West, where she visited at different points in Alberta and Montana, returned home Nov. 11. She brought with her the youngest son of Harlan Lank's, who will make his home with them for a time.—Truro News' Upper Bass River Notes.

Yes, prohibition is a real success in the United States, for in the national capital during the past fiscal year there were only 14,013 convictions for breaches of the liquor law. The balance of the population were either sufficiently protected against police interference or were not sufficiently drunk to stagger.

A grand concert and dance will be given in the Union Hall at Hillcrest on the night of Friday, January 23rd, in celebration of Burns' anniversary. Concert will commence at 7 o'clock sharp, the dance to follow. An excellent programme is promised. Max-on's five-piece orchestra will furnish music for the dance.

Rumor has it that Councillor J. A. McDonald will be a candidate for the mayoralty at the forthcoming elections in February. One thing may be said in favor of Mr. McDonald since his recent visit to the dentist, he is not likely to bite off more than he could chew.

Action for \$5000 damages for libel has been instituted by Mr. A. T. Inskip, of the Adelphi hotel, Lacombe, against Rev. J. F. Knight. The case is an echo of the recent Ontario plebiscite campaign, in which a hotel at Lacombe was widely advertised as a "horrible example of licensing the sale of beer." The Adelphi happened to be the only hotel in Lacombe holding a license at that time.

Saturday is the last day of Ka-four's 25 Per Cent Reduction Sale. Get what you need now.

WANTED—At once, a chambermaid and laundress. Apply to the Greenhill hotel.

Saturday is the last day of Ka-four's 25 Per Cent Reduction Sale. Get what you need now.

The local lodge of Elks held their first meeting in their new hall last night, which was largely attended.

Mrs. R. Cosgrove and children, of West Coleman, were week end visitors at the McCulloch home, near Lundbreck.

The Hillcrest open-air rink now contains an excellent sheet of ice and hundreds of people are availing themselves of the skating afforded.

Dr. Lynn has been elected president of the Lethbridge Ladies' Hockey Club. Doc will have his hands full—once in a while, at least.

Hockey was introduced for the season at the Bellevue arena last night, when an intermediate game was played.

Miss Alice McCulloch, of the Y.W.C.A., Calgary, spent the week end visiting her mother, Mrs. A. McCulloch, at the ranch near Lundbreck.

Order your space now in The Blaimore Enterprise Special Christmas Greeting Number to be issued on Monday, December the 22nd. Only a few spaces left.

Commencing Saturday, December the 20th, a series of Saturday night dances will be given by Royle's Orchestra at the Greenhill Grill. Dancing from 8.30 to 11.55. Admission: \$1.00 per couple. Everybody welcome.

Angus McGraw, a Scotchman, purchased a ticket for St. John, N.B., on Tuesday, where he hopes to get a shave and haircut for twenty cents less than a Blaimore tonsorial artist would charge. We don't blame Mr. McGraw for being so thirty. Mr. McGraw will return to Blaimore in a few days. To save this 20 cents, he had to spend \$6.00 for sleepers, \$61.00 for meals and \$1.25 for a 25-cent pack of playing cards.

Some slight misunderstanding regarding the local exhibition games of hockey seems to prevail and to correct such, wrong impressions we might state that the following games are decided upon: Coleman at Bellevue on Friday night, December 12th, (exhibition); Lethbridge at Blaimore on Monday night, December the 15th (Turner Benefit); Blaimore at Coleman on Wednesday, December 17th (Charltonian Cup game); Coleman at Bellevue on Saturday, December the 20th (Turner Benefit). The big league starts off on Monday, December 22nd at the Blaimore Arena, Coleman and Blaimore being the competing teams. Great interest should be manifested in this opening game as there is considerable rivalry between the two towns, and a record house is anticipated. Bellevue plays at Lethbridge on the following night.

OVERCOATS

That new Overcoat you want for Christmas—We have it. Prices from \$18.00 to \$50.00

The members of Crowview Rebekah Lodge held a most successful whist drive last night.

"The Covered Wagon" will be the big attraction at the Orpheum Theatre on Friday, Saturday and Monday nights. Matinee on Saturday—from 2 to 6.

We understand that in the neighborhood of \$80 was realized from the sale of tags for intermediate hockey on Saturday, November the 29th. New suits and equipment for the boys have already arrived and the boys will be seen in their new togs this week end.

Miss Jeannette Thibodeau, of the local telephone exchange, returned Monday from a week-end visit with friends in Lethbridge. She was accompanied by Miss Wakeman, who is her guest here for a few days.

A number of intimate "stag" friends of Mr. Peter Montalbetti were guests at the home of Mr. and Mrs. Paul Baratelli on Tuesday night, where a very sumptuous and bounteous spread of good things awaited their appetites. Peter hopes very shortly to break away from the bachelor ranks, and his bachelor friends availed of this opportunity to express their well wishes, etc.

A most enjoyable birthday party was held at the home of Mrs. William Patterson, Eighth Avenue, on Tuesday night, the occasion being to celebrate the eleventh birthday of little Miss Margaret. About twenty-five young girls and boys were present.
